EMPLOYEE STANDARDS OF CONDUCT (RULES)

A violation of one of the following rules may lead to a disciplinary warning, suspension, or discharge depending on the seriousness of the offense, prior work record of the employee, and frequency of the occurrence.

An employee who commits an act that is offensive to the rules of common sense or decency, or an act, which violates a District rule, will be disciplined. The nature of the discipline will depend upon the violation and surrounding circumstances (see DISCIPLINE).

26. Wearing clothes that are questionable morally, sets a bad standard or reflects upon the reputation of the school district.

EMPLOYEE DISCIPLINE POLICY AND PROCEDURE

The framework of employee-employer relationships at the School District of Weyauwega-Fremont involves:

1. Telling employees what is expected of them in the way of work performance and conduct on the job.
2. Telling employees how they are performing regarding those expectations.
3. Treating employees fairly and impartially.
4. Treating employees on the basis of facts rather than opinions and assumptions.

The School District of Weyauwega-Fremont considers employee discipline a matter of management right or prerogative and we consider it a serious responsibility. It is a necessary part of managing the District so that employees can be treated fairly and work safely and efficiently.

At the Weyauwega-Fremont School District, the term discipline is not used in a threatening or punitive sense. When we use the word "discipline," we are thinking of corrective action and willing cooperation. We like to think of it as teaching employees to work safely and to follow reasonable, practical rules. Punishment is a last resort in discipline. It is used when other corrective measures have failed. Our rules apply only to actions affecting the safe, proper operation of our District, our equipment, our office and your performance of a job. The rules are intended to be consistently applied to all.

The violation of District rules (See Standards of Conduct this section) will result in disciplinary action. In some cases, the action may result in a discharge. There is no exact formula for establishing disciplinary action, but four (4) important factors will be considered in all cases:

1. The seriousness of the offense.
2. The employee's past record.
3. Circumstances surrounding the particular case.
4. District case history in similar incidents.

When a rule has been violated, warranting corrective action, the Supervisor may begin any of the steps listed below based on the seriousness of the offense(s).

We have five (5) types of disciplinary action:

1. FOREWARNING
2. VERBAL WARNING (Recorded) – For minor infractions and offenses. If this does not correct the situation within a reasonable length of time, the supervisor will take sterner measures.
3. MINOR WRITTEN WARNING – This warning and the verbal warning (RECORDED) become part of the employee's personnel file.
4. MAJOR WRITTEN WARNING – A written warning for a major infraction and offense or for a second minor offense or infraction (including the possibility of up to a three (3) day suspension without pay).
5. DISCHARGE – This is the final action and is taken when a written warning did not work or where an employee has committed a serious infraction(s) of the rules.

Any three (3) infractions serious enough to cause a written warning will be considered the basis for discharge, even though these infractions are not necessarily related or signify a repetition of the same offense.

E-MAIL ACCEPTABLE USE POLICY

E-mail is a critical mechanism for staff communications at the School District of Weyauwega-Fremont (hereafter known as the District). However, use of the District's electronic mail systems and services are a privilege, not a right, and therefore must be used with respect and in accordance with the goals of the District.

The objectives of this policy are to outline appropriate and inappropriate use of the District's e-mail systems and services in order to minimize disruptions to services and activities, as well as comply with applicable laws, board policies, and district procedures.

Scope

This policy applies to all e-mail systems and services owned by the District, all e-mail account users/holders at the District (both temporary and permanent), and all district e-mail records.

Account Activation/Termination

E-mail access at the District is controlled through individual accounts and passwords. Each user of the District's e-mail system is required to read and sign a copy of this "E-Mail Acceptable Use Policy" prior to receiving an e-mail access account and password. It is the responsibility of the employee to protect the confidentiality of his or her account and password information.

All employees of the District will receive an e-mail account. E-mail accounts will be granted to third party non-employees on a case-by-case basis. Individuals that may be eligible for access include:

- Substitute Teachers
- Student Teacher Interns

Applications for these temporary accounts must be submitted to the district office. All terms, conditions, and restrictions governing e-mail use must be in a written and signed agreement.

E-mail access will be terminated when the employee or third party terminates their association with the District, unless other arrangements are made. The District is under no obligation to store or forward the contents of an individual's e-mail inbox/outbox after the term of employment has ceased.

General Expectations of End Users

The District often delivers official communications via e-mail. As a result, employees of the District with e-mail accounts are expected to check their e-mail in a consistent and timely manner so that they are aware of important District announcements and updates, as well as for fulfilling District and role-oriented tasks.

E-mail users are responsible for mailbox management, including organization and cleaning. If a user subscribes to a mailing list, he or she must be aware of how to unsubscribe from the list, and is responsible for doing so in the event that their current e-mail address changes.

E-mail users are expected to remember that e-mail sent from the district's e-mail accounts reflects on the District. Please comply with normal standards of professional and personal courtesy and conduct.

Appropriate Use

Employees of the District are encouraged to use e-mail to further the goals and objectives of the District. The types of activities that are encouraged include:

- Communicating with fellow employees, and parents within the context of an individual's assigned responsibilities.
- Acquiring or sharing information necessary or related to the performance of an individual's assigned responsibilities.
- Participating in educational or professional development activities.

Inappropriate Use

The District's e-mail systems and services are not to be used for purposes that could be reasonably expected to strain storage or bandwidth (e.g. e-mailing large attachments instead of pointing to a location on a shared drive). Individual e-mail use will not interfere with others' use and enjoyment of the District's e-mail system and services. E-mail use at the District will comply with all applicable laws and all district policies.

The following activities are deemed inappropriate uses of the District's systems and services and are prohibited:

- Use of e-mail for illegal or unlawful purposes, including copyright infringement, obscenity, libel, slander, fraud, defamation, plagiarism, harassment, intimidation, forgery, impersonation, soliciting for illegal pyramid schemes, and computer tampering (e.g. spreading of computer viruses).
- Use of e-mail in any way that violates the district's policies, procedures, or administrative orders.
- Viewing, copying, altering, or deletion of e-mail accounts or files belonging to the District or another individual without authorized permission.
- Sending of unreasonably large e-mail attachments. The total size of an individual e-mail message sent (including attachment) should be 20,000 KB's or less.
- Opening e-mail attachments from unknown or unsigned sources. Attachments are the primary source of computer viruses and should be treated with utmost caution.

- Sharing e-mail account passwords with another person, or attempting to obtain another person's e-mail account password. E-mail accounts are only to be used by the registered user.
- Excessive personal use of the District's e-mail resources. The District allows limited personal use for communication with family and friends, independent learning, and public service so long as it does not interfere with staff productivity, pre-empt any class/district activity, or consume more than a trivial amount of resources. The District prohibits personal use of its e-mail systems and services for unsolicited mass mailings, non-district activity, political campaigning, dissemination of chain letters, and use by non-employees.

Monitoring and Confidentiality

The e-mail systems and services used at District are property of the District. This gives the District the right to monitor any and all e-mail traffic passing through its e-mail system. This monitoring may include, but is not limited to, inadvertent reading by IT staff during the normal course of managing the e-mail system, review by the legal team during the e-mail discovery phase of litigation, observation by administration/supervisor in cases of suspected abuse or to monitor employee efficiency.

In addition, archival and backup copies of e-mail messages may exist, despite end-user deletion, in compliance with the district's records retention procedure. The goals of these backup and archiving procedures are to ensure system reliability, prevent district data loss, meet regulatory and litigation needs, and to provide district intelligence.

Backup copies exist primarily to restore service in case of failure. Archival copies are designed for quick and accurate access by district delegates for a variety of administrative and legal needs. Both backups and archives are governed by the company's document retention procedure. These procedures indicate that e-mail must be kept for up to 7 years. [Email will be backed up each day for retention. Email received before the backup will not allow email message or document to be deleted].

If the District discovers or has good reason to suspect activities that do not comply with applicable laws or this policy, e-mail records may be retrieved and used to document the activity in accordance with due process. All reasonable efforts will be made to notify an employee if his or her e-mail records are to be reviewed. Notification may not be possible, however, if the employee cannot be contacted, as in the case of employee absence due to vacation.

Use extreme caution when communicating confidential or sensitive information via e-mail. Keep in mind that all e-mail messages sent outside of the District become the property of the receiver. A good rule is to not communicate anything that you wouldn't feel comfortable being made public. Demonstrate particular care when using the "Reply" command during e-mail correspondence to ensure the resulting message is not delivered to unintended recipients.

Reporting Misuse

Any allegations of misuse should be promptly reported to the District Technology Supervisor. If you receive an offensive e-mail, do not forward, delete, or reply to the message. Instead, report it directly to the District Technology Supervisor.

Disclaimer

The District assumes no liability for direct and/or indirect damages arising from the user's use of the District's e-mail system and services. Users are solely responsible for the content they disseminate. The District is not responsible for any third-party claim, demand, or damage arising out of the use of the District's e-mail systems or services.

Failure to Comply

Violations of this policy will be treated like other allegations of wrongdoing at the District. Allegations of misconduct will be adjudicated according to established procedures. Sanctions for inappropriate use on the District's e-mail systems and services may include, but are not limited to, one or more of the following:

1. Temporary or permanent revocation of e-mail access;
2. Disciplinary action according to applicable District policy/procedure;
3. Termination of employment; and/or
4. Legal action according to applicable laws and contractual agreements.

E-Mail User Agreement

I have read and understand the "E-Mail Acceptable Use Policy." I understand if I violate the rules explained herein, I may face legal or disciplinary action according to applicable laws or District policy.

FAMILY AND MEDICAL LEAVE POLICY WEYAUWEGA-FREMONT SCHOOL DISTRICT

In accordance with Federal law, the Weyauwega-Fremont School District ("the District") shall provide family and/or medical leave to its employees. Eligible employees will be allowed up to twelve (12) workweeks of unpaid leave as a result of a birth or placement of a child for adoption or foster care or when a serious health condition is experienced by the employee or the employee's parent, child or spouse. The District administers its Federal and Wisconsin Family and Medical Leave policy on a rolling year basis.

These leaves (Federal and Wisconsin) shall run concurrently with each other and with any other leave which is available to the employee under the policies of the District as well as under Federal and Wisconsin law. All or a portion of the period of Family and Medical Leave may be paid in certain instances. The taking of leave under this Policy will not be used against an employee in any employment decision, including in the determination of raises or discipline.

ELIGIBILITY FOR LEAVE

It is the policy of the District to provide employees with Wisconsin family or medical leave if they have worked for at least fifty-two (52) weeks and have completed 1,000 hours of employment in the twelve (12) month period prior to the time leave begins. Employees will be eligible for, or also eligible for, federal family and medical leave if they have worked for at least twelve (12) months and have completed 1,250 hours of employment in the twelve (12) month period prior to the time leave begins. The leave taken under this Policy will count toward the leave to which an employee may be entitled under Federal and/or Wisconsin law.

AMOUNT OF LEAVE AVAILABLE

Employees are generally entitled to unpaid leave during a twelve (12)-month period for any one or combination of the following reasons, i.e., time off under A, B and/or C:

A. Birth or Placement for Adoption or Foster Care of a Son or Daughter.

Unpaid leave, of up to twelve (12) weeks under federal law and six (6) weeks under Wisconsin law, to be taken by an eligible employee on the birth or placement for adoption or foster care of a child with the employee. Leave must be taken all at once unless the District agrees otherwise or as required by law. Any accrued paid leave for which the employee is eligible at the time leave begins may be substituted or may be required to be substituted for this otherwise unpaid time. The paid time used will not be available later. Extensions of family leave will not be permitted, except as required by law.

B. Serious Health Condition of Employee.

Unpaid leave of up to twelve (12) weeks under federal law and two (2) weeks under Wisconsin law may be taken by an employee in the event he/she experiences a "serious health condition." A serious health condition will generally occur when the employee receives inpatient care at a hospital, hospice or nursing

home or receives outpatient care which requires a schedule of continuing treatment by a health care provider and renders the employee incapable of performing the functions of his/her position. Medical leave may be taken all at once or in smaller increments as medically necessary. If leave is taken in smaller increments, the employee may be temporarily transferred to another job. An employee must provide the District, within fifteen (15) days of requesting leave, with a Health Care Provider Certification which is completed by the employee's treating health care provider. Health Care Provider Certification forms are available from the Administration Office. Any accrued paid leave for which the employee is eligible at the time the leave begins may be substituted or may be required to be substituted, for all or a portion of the otherwise unpaid leave period. If the leave is required due to a work-related injury, workers' compensation leave will be run concurrently with the leave an employee is entitled to under the law, to the extent permitted by law. Any paid leave used will not be available later. Extensions of medical leave will not be allowed.

C. Serious Health Condition of a Son or Daughter, Parent or Spouse.

Unpaid leave of up to twelve (12) weeks under federal law and two (2) weeks under Wisconsin law may be taken by an employee to care for a son, daughter, spouse or parent with a "serious health condition." If leave is requested for such an individual, the employee must provide the District, within fifteen (15) calendar days of the request for leave, with a Health Care Provider Certification prepared by the treating health care provider of the individual which sets forth the facts surrounding the health condition of the individual and that the employee is needed to care for the person. Health Care Provider Certification forms are available from the Administration Office. The medical leave may be taken all at once or in smaller increments as medically necessary. If leave is taken in increments smaller than the maximum period of leave permitted under the law, the employee may be temporarily transferred to another job at the District. Any accrued paid leave for which the employee is eligible at the time leave begins may be substituted or may be required to be substituted for all or a portion of the otherwise unpaid time. This paid time will not be available later. Extensions of medical leave will not be allowed.

D. Military Member.

Any qualifying exigency arising out of the fact that the employee's spouse, son, daughter, or parent is a covered military member on "covered duty", or twenty-six workweeks of leave during a single 12 month period to care for a covered service member with a serious injury or illness if the eligible employee is the service member's spouse, son, daughter, parent, or next of kin (military caregiver leave).

NOTIFYING THE DISTRICT OF YOUR NEED FOR FAMILY OR MEDICAL LEAVE

In the event an employee would like foreseeable family or medical leave, the District must be notified, in writing, at least fifteen (15) calendar days before the date on which leave is to begin. In the event of an emergency, notice must be provided no later than two (2) working days after the commencement of leave. The Family and Medical Leave Request form is available from the Administration Office.

HEALTH INSURANCE

The employee may continue to receive health insurance, including dental, coverage while on a family or medical leave. If you have pay substituted for your otherwise unpaid leave, your share of premiums (if any is required for similarly situated active employees) will be paid through the District's normal payroll deduction method. If your leave is unpaid, you must pay for the employee portion of the premium (if any is required for similarly situated active employees) for coverage during your period of leave. All premiums for coverage are due no later than the first day of the month to which coverage relates. Other employment benefits will also be continued during the family and/or medical leave. An employee must notify the District of his or her intent to continue health insurance coverage while on leave. If an employee fails to return to work or fails to remain at work for a period provided at law, the District may recover its portion of the premium paid for health plan coverage during the leave.

ADDITIONAL CERTIFICATIONS

The District may request that an employee provide additional health care provider certifications from a health care provider chosen, and paid for, by the District. The District may request that an employee recertify as to the continuation of the serious health condition at various points in time.

RETURN TO EMPLOYMENT AT END OF LEAVE

At the end of an employee's family or medical leave, he/she will be returned to the position held by the employee at the commencement of leave or, if the position is filled, to equivalent employment with the District. If an employee wants to return to work before his/her leave is to end, and work is available, the employee must notify the District at least two (2) days prior to the desired return date. If the reason for leave was due to the serious health condition of the employee, a medical release must be provided to the District before the employee returns to work. If a medical release is not received, the employee's return to work will be delayed until it is received. For teachers returning from leave, leave may be required to be extended through the completion of the term in some circumstances.

FAILURE TO MEET POLICY REQUIREMENTS

If you fail to meet the requirements of this Policy for family or medical leave, your request for leave may be denied or delayed until the requirements are met.

If you have any questions regarding the operation or interpretation of this Policy, please contact the District Administrator.
