

# W-F Booster Club Meeting Minutes

## January 9, 2019, 7:00 pm

### HIGH SCHOOL COMMONS

**Roll Call** - 7 present

**Guest Introductions** – Gary Primo – Athletic Trainer; Steve Baitinger

**Treasurer's Report** - Treasurers report shared by Dan Knecht. Income for membership dues and donation. Expenses for high school athletic department taping station. Motion to approve was made by Julia W and second by Nick W. Motion approved.

### Old Business

- Membership/Newsletter – Winter newsletter final draft shared. Julia will publish this week via email and on Facebook.
- Senior Athlete Banners – Our club will move forward with this beginning with the 2019-20 school year. Tim will reach out to Anna & Kandie to get the timeline set for fall sports. Communication plan also needs to be developed.
- Athletic History Displays – Steve joined us to discuss a plan for displaying the history of W-F athletics and the Hall of Fame. Trophies will continue in the case for regionals, sectionals, state qualifications. Touch screen display would include everything from photos, videos, clipping, search features, Hall of Fame, etc. The software is what will cost the most and would need to be maintained. Touch Pro is the company. The school is working to get the company to come in. If there is going to be a lengthy delay, Jen suggested the Booster Club offer our assistance or opinion on the currently displayed trophies in the interim until the Touchscreen is installed. Steve shared his concerns about the Hall of Fame plaques not being displayed. The group agreed having the Hall of Fame information displayed around or right next to the touch screen would be ideal. Tim will see if someone could come (or have a virtual tour) at our next meeting.

### New Business

- List of supporting businesses – Tim shared a copy of what Wild Rose & Wittenberg does to list their supporting businesses/people. In the future we would like to increase our membership and recognition of our current members and supporting businesses. The premise is to have the Booster Club support our coaches and their teams, not create more pressure or things for them to do. Perhaps a one-stop-shot for fundraising. Should we survey coaches and staff to get a feel as to what they need and what's already working for them. Dan will give Jeff the list of supporting businesses in the event that he can add it to the programs if there is room.

**Meeting adjourned at 8:05 pm, Motion made by Julia, second by Tim.**

---

**Next meeting is February 13, 2019 @ 7:00 pm – High school Community Room**

- **Brian Butch invoice – Jen**
- **Supporting business list follow up**
