### Class Rank (ending with class of 2019)

Class rank is calculated through the use of a combination system forming a composite rank. This will include a rank calculated by using the grade point average calculation and a rank calculated by the number of credit points the student has accumulated. Credit points are the product of the credits earned multiplied by the grade point earned per class. The composite rank is the sum of the grade point average (GPA) plus the credit point rank. The lower the composite score the higher the rank.

### Laude Recognition in lieu of class rank (beginning with class of 2020)

Summa Cum Laude: With highest honor 3.9 GPA or higher  
Magna cum Laude: With high honor 3.8 GPA or higher  
Cum Laude: With honor 3.65 GPA or higher

**\*Weighted classes are eliminated for class of 2020 and beyond.**
